Planned Giving: Educational and Athletic Foundation

Planned giving is an area of fundraising that refers to specific gift types that can be funded with cash, equity, or property. Planned gifts are gifts that require more planning, negotiation and counsel than many other gifts. This program involves several layers of marketing and planning with a focus on future cash flow for the University. APR Minimum					

*4-year APR average for the 2014-15 academic year and thereafter must be a minimum of 930 per team for post-season qualification.

The NCAA developed the Academic Progress Report (APR) to track a university's commitment to enhancing the student-athlete's potential of earning their undergraduate degree. The APR provides a "real time" snapshot of a Division I team's eligibility and retention success, (the APR pertains only to student-athletes who are receiving an athletic scholarship).

The NCAA has set a minimum APR standard for each athletic program. This standard is calculated by averaging a sport program's eligibility and retention points for the last 4 years. Each sport must maintain or exceed the minimum standard. (The minimum APR standard is 930.)

The men's programs met or exceeded APR standards for post-season eligibility and therefore did not have to serve any penalties.
