

www.odu.edu/its

- If the course is published and you want to prevent student access before the start date, check **Restrict access before the start date** in the Course Details tab.
- To prevent student access of a course after it ends, check **Restrict access after the end date**. (If you're restricting access of a course that has already ended, set the course's end date to a date in the past.)

- Click **Update Course Details** at the bottom of the page so the changes take effect.
